# Why you should move to the southern region.

---

This presentation will give you abundant reasons why you should move to the southern region.

# The southern colonies.

- Virginia,  
South Carolina  
North Carolina  
Georgia.

# The Resources of the Southern Colonies.

- The resources here are abundant said resources consist of rice, tobacco, indigo, cotton, and sugarcane. With these you can make your own clothes, food, as well as money.

## The Geography of the southern region

- The geography of the Sothern region is coastline, bays, harbors, prairies, and rolling hills. Each region had its own geography.
- It is between the Atlantic Ocean and the western United States.

# The People of the Southern Colonies.

- Some of the people the Southern Colonies are farmers that grow plants and vegetables. There were also other people that didn't really have a choice... Slaves and the same kind of people with the almost same value servants' and rich people such as large landowners helped people like plantation owners to help them with their farms as well as the farmers.

# The Industries in the Southern Region

- The major industrial product includes textiles, food and beverages, tobacco, furniture, petrochemicals, aircraft and heavy chemicals.

That is the end of the  
presentation. By: Owen, Julian,  
Chester, and James.
